Attorney General John Ashcroft
US Department of Justice, 950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

Dear Mr. Ashcroft:

Please make haste to settle the lawsuit in the case of USA vs. Microsoft. I believe that if the terms of the settlement are enforced strictly they are sufficient to prevent Microsoft from engaging in unfair business practices with OEMs and software companies.

It is better for consumers, businesses and the IT industry that this suit is ended.

Sincerely,

Mark Heaney
